OKLAHOMA BULLETIN NO. OK170-4-2

SUBJECT: CGI – 2003 National Agriculture Imagery Program (NAIP) Ordering Procedure

Purpose: To provide information on how to acquire 2003 color photography

Expiration Date: September 30, 2004

The 2003 National Agriculture Imagery Program (NAIP) color photography has been certified and approved for use. The final details of when it will be available for distribution to service centers through the USDA Lighthouse Resource Data Gateway are still being worked out, but in the interim the National Cartographic Center has reached an agreement with FSA's Aerial Photography Field Office in Salt Lake City, Utah, to provide the Service Center Agencies with the photography at no cost.

The new color imagery can be ordered by sending an e-mail to sales@apfo.usda.gov. A sample e-mail with the suggested wording is attached to the bulletin.

It is recommended that each field office and tribal office order CD's of their county and any of the surrounding counties that they may need. Technical offices, watershed offices, and soil survey offices should also order any counties that are needed. State office disciplines should consider ordering a complete state set to insure convenience and availability for their imagery needs.

There will be detailed instructions on the procedure for loading the color imagery CD's to the geodata directory on both the service center server and individual workstations. These instructions will be posted on the GIS page on the Oklahoma Intranet website <http://intranet.ok.nrcs.usda.gov/>

You can address any questions or problems to Jim Henley, State Geodata Administrator.

OKLAHOMA NRCS NAIP IMAGERY ORDER

Oklahoma NRCS needs the 2003 NAIP imagery for programmatic and conservation planning activities. We have been directed by NRCS National Cartographic Center to order the county mosaic photography from you until it is placed on the Lighthouse data gateway.

Please send the 2003 NAIP imagery CD's for the following Oklahoma counties:

Payne

Noble

Lincoln

Example for Payne County

Logan

Creek

Pawnee
